Why sponsor Eurosteel2023?

Sponsoring Eurosteel2023 is attractive to national and international companies and organizations related to the construction industry. Sponsors may be interested in giving attention to their company name, brand name or product to the academic and the construction sector, respectively.

Who will visit Eurosteel2023?

Primary target group are academics presenting their research. There are 12 parallel sessions on 19 key themes ranging from fatigue and fracture to 3D printing.

The first days program is devoted to sustainability policy addressing engineers, designers, contractors, clients and suppliers.

The expected number of participants is about 600, academic and business world together.

What are the possibilities for partners?

To meet the different needs of the companies and organizations we offer several partner packages.

There will be a limited group of Platinum and Gold partners whose company or brand names will be shown on screens and banners. In addition, there is the possibility to have a trade booth in the main foyer or to sponsor part of the program. A number of tickets for Eurosteel2023 is included in every partner package.

These partner packages can consist of:

- *Mentioning of company name*
- *Trade booth*
- *Name in part of the program*
- *Number of entry tickets for conference (passe-partout and day)*
