

Post-Conference Event Eurosteel 2023 Schedule

September 15th, 2023, Delft University of Technology

Location: The Green Village at TU Delft campus (Van den Broekweg 4, 2628 CR Delft, NL)

9:30-10:00 Welcome and Coffee

10:00-10:15 Introduction from the organizers

10:15-12:15 Presentations and discussions on 4 topics:

10:15-10:45 “Challenges of future steel research”, Markus Feldmann, RWTH Aachen

10:45-11:15 “Knowledge and skills of the next-generation steel structures engineers” Andreas Taras, ETH Zürich

11:15-11:45 “Experimental tests in civil engineering: the real reality?”, Jean-François Demonceau, University of Liege

11:45-12:15 “What to teach in steel structures and what should be learned i.e. the importance of MSc thesis”, Milan Veljkovic, TU Delft

12:15-15:00 Break and Activities

12:15-13:00 Lunch

13:00-15:30 Activities*

15:30-17:00 Closing remarks and discussions between the participants

*Activities include one of the following alternatives:

1. Lab Tour in Stevin 2 Lab: You will visit the structural lab at TU Delft and learn more about the ongoing research within the Steel and Composite

Structures group, we offer a 30' Lab Tour of 15-person groups with our Academic and Lab staff.

2. Sports & networking: If you are interested to showcase your skills or simply have fun with table tennis, tennis, or volleyball at [X TU Delft](#) (right across the Green Village). This two-hour sports session offers a delightful break and it's an opportunity to re-energize and network with peers in an informal setting amidst our eventful conference.
3. Technical tour: Please let us know if you would like to visit a fabricator nearby TU Delft and we will organize a 1-2 hour tour including traveling, (please email Eurosteel2023-local@tudelft.nl to show your interest).
4. Cultural city tour: Want to know more about Delft or just take a boat tour in a canal? You can use this time to visit the most popular attractions of Delft. Some of the proposed ones are: [Nieuwe Kerk](#), [Museum Prinsenhof Delft](#), [Historic Market Square](#), [The Rose Windmill](#). Note: This activity is within walking distance 25-30 mins from the venue, but you take a bus or bike (please email Eurosteel2023-local@tudelft.nl to show your interest)

**If you are attending the post-conference, you will receive soon a Google form to indicate your preferred activity. Note: Select a comfortable outfit that fits the activity of your choice.

About the venue: the post-conference event is held in the [Green Village at TU Delft](#) which is a field lab for sustainable innovation in the urban environment. The [Co-Creation Centre](#) will host the event which is a sustainable and innovative glass building resulting from a collection of various research projects. More details about the innovations and themes that can be seen at the Green Village can be found here: <https://www.thegreenvillage.org/en/>
